FOREWORD

DEAR PARTNERS & CUSTOMERS

First and foremost, on behalf of the entire Board of Directors and staff of **SAM Production and Trading Co., Ltd.** I would like to extend our warmest greetings, best wishes for good health, and sincere gratitude to our esteemed **Partners and Customers**. Your trust, companionship, and cooperation over the years have been a crucial foundation, contributing to the achievements SAM has attained today. This is also the driving force behind our continuous innovation, enhanced competitiveness, and affirmation of our position in the market.

With **over 15 years of establishment and development**, SAM has consistently pursued the goal of providing high-quality products and professional services to our customers. We continuously invest in modern machinery and technology, improve management processes, and enhance the skills of our human resources to better meet the increasingly stringent demands of the market.

From a humble beginning, SAM has gradually grown into a reputable manufacturer of Danpla plastic sheets, Danpla plastic boxes, Danpla partitions, industrial packaging materials, and product protection packaging solutions.

Besides focusing on investing in production capacity, we always prioritize product quality and customer satisfaction in all our operations. Our quality management system is built and operated according to appropriate standards, along with **a rigorous control process** from raw materials to finished products, helping SAM maintain stability in quality, delivery time, and supply efficiency. As a result, our products have been trusted and chosen by many domestic and international businesses, serving various manufacturing and industrial sectors.

This **company profile** is compiled to provide a comprehensive, transparent, and objective overview of the company's formation process, production capabilities, certification system, product catalog, and development direction. Through this document, we aim to give our Partners and Customers an overview of the values that SAM is building, while reaffirming our commitment to **long-term partnership** through quality products, dedicated service, and optimal solutions.

In the future, SAM will continue to leverage its existing strengths, promote the application of technology, enhance management capabilities, and expand cooperation with domestic and international partners. We believe that cooperation based on **trust, responsibility, and mutual development** will create sustainable value for all parties.

Once again, we sincerely thank our **Partners and Customers** for their interest, trust, and partnership. We look forward to the opportunity for a long-term partnership, working together to achieve new successes in the future.

Thank you!

Le Duc Tuyen

Manager

ABOUT US

SAM Production and Trading Co., Ltd, established in 2010, specializes in manufacturing and supplying corrugated PP plastic sheets (Danpla), Danpla boxes, industrial partitions, EVA/PE Foam, and other high-end packaging material solutions for both domestic and international markets. With **a sustainable development orientation**, SAM always focuses on investing in technology, improving product quality, and optimizing solutions to meet the diverse needs of customers in various industrial production sectors.

The company's factory is located in the Viet Hoa Industrial Cluster, Hai Phong City, with a modern production line, synchronized operation processes, and a team of experienced technicians. SAM currently applies a quality management system that meets **ISO 9001:2015 standards** and is independently audited by SGS – a leading global inspection and certification organization – thereby affirming its commitment to product quality, stability, and safety.

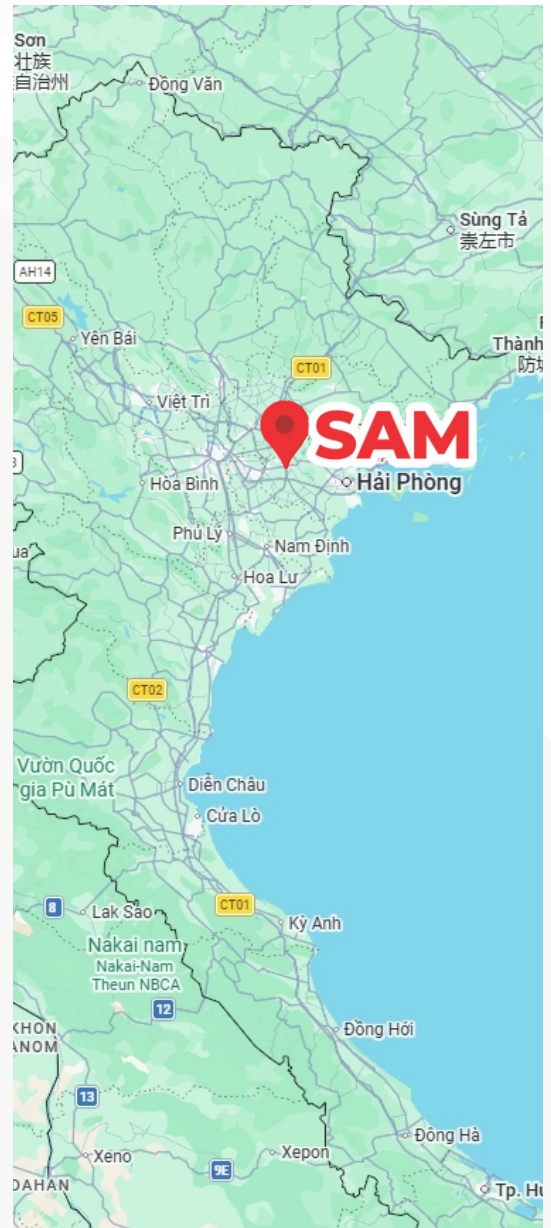

After more than 16 years of establishment and development, SAM is proud to be a trusted partner of hundreds of businesses in the manufacturing, logistics, electronics, and export sectors in Vietnam as well as many international markets such as the US, Japan, Australia, the UK, and Russia.

Mission

Providing sustainable, eco-friendly products of superior quality and dedicated service, contributing to enhancing the value chain for our customers.

Vision

To become the leading Danpla plastic manufacturer in Vietnam, trusted by partners and customers worldwide.

Located in Hai Phong – Vietnam's largest logistics hub with a modern international seaport system – SAM provides fast transportation solutions, shortening delivery times and optimizing costs for all global partners.

Quality

ISO 9001:2015
100% of shipments are inspected before shipment

Credibility

Over 16 years in the industry, a trusted annual partner of over 100 clients.

Innovation

Continuously investing in technology and developing new products, aiming for breakthroughs.

Creativity

Promote creativity in business and production to successfully achieve goals.

PRODUCT CATALOG

Danpla Plastic Sheets

Danpla corrugated PP sheets are manufactured on a modern production line using high-quality PP raw materials, resulting in superior durability, lightweight, and multiple reusability. The product is water-resistant, moisture-resistant, strong, and easy to process, making it suitable for a wide range of applications in packaging, advertising, construction, electronics, and agriculture. With a variety of thicknesses, colors, and sizes to meet specific requirements, SAM offers flexible, cost-effective, and environmentally friendly material solutions for domestic and international businesses.

Thickness: 2mm - 10mm (custom)

Dimensions: Maximum width 1200mm x length

Colors: Various

Printing: As per requirements

Material: 100% virgin PP plastic

Danpla plastic boxes and partitions

SAM's Danpla plastic containers and partitions are designed from high-quality corrugated PP plastic sheets, meeting the storage, packaging, and transportation needs of various industries such as electronics, logistics, food, and component manufacturing. The products are lightweight, durable, waterproof, have good load-bearing capacity, and can be folded or reused multiple times, optimizing operating costs and effectively protecting goods. SAM supports custom manufacturing to customer specifications regarding size, load capacity, and design, while meeting quality standards for both domestic and export markets.

Thickness: 2mm - 10mm (custom)

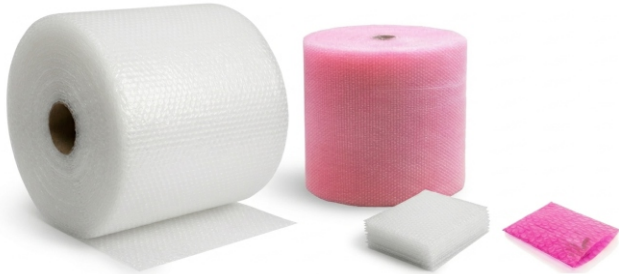

Size: Customizable

Colors: Various

Printing: As per requirements

Material: 100% virgin PP plastic

PRODUCT CATALOG

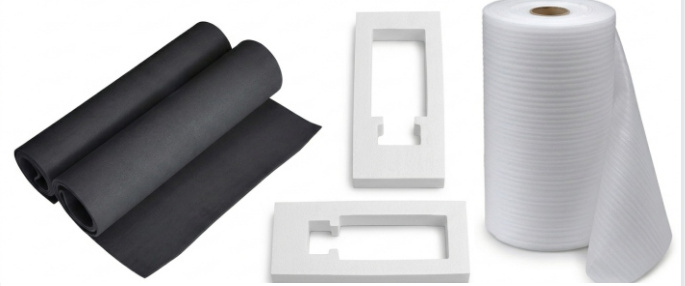

Air bubble wrap

Bubble wrap is commonly used in packaging and protecting goods due to its ability to effectively absorb shocks, reduce impact, and minimize scratches during transportation.

Various sizes

Available in rolls, sheets, or pouches as required

Suitable for electronics and component exports

EVA & PE Foam Sheet

High-quality EVA and PE foam offer effective shock absorption, vibration damping, and surface protection for industrial products and export goods.

Available in rolls or cut/die-cut as required

Available in a variety of colors, sizes, and thicknesses

On-demand printing

Box accessory

SAM offers a wide range of optional accessories to enhance the durability and load-bearing capacity of the truck bed. Popular accessories include custom-sized bracing bars, corner brackets, swivel brackets, handles, and more.

Offers a wide variety of options.

Durable material

Label Sticker & Decal

SAM provides label and decal solutions for product identification, management, and packaging across a wide range of industries.

Barcode labels, QR codes, custom content as needed

Various sizes and paper materials

Applications in manufacturing, logistics, and retail

APPLICATIONS & PROJECTS

WIDESPREAD APPLICATIONS

Industry & Electronics

Component containers and trays, anti-static partitions, protect sensitive electronic products during manufacturing and transportation.

Agriculture & Food

Containers for storing clean agricultural products, vegetables, and seafood. Cold storage liners and shelving units that are waterproof, easy to clean, and reusable for a long time.

Advertising & Display

Signage, backdrops, POP/POS display panels, menu boards. Lightweight, easy to print, weather-resistant, and available in a variety of colors.

Logistics

Reusable shipping containers replace cardboard boxes, pallet boxes, and cargo dividers. They reduce packaging costs and are environmentally friendly.

International Export

Many of our products meet the requirements of the US, Japan, Australia, UK, and Russia markets, complying with SGS's international inspection standards.

Office & Retail

Retail product packaging, desk partitions, lightweight and aesthetically pleasing office interior wall panels.

FEATURED PROJECTS

2021 - JAPAN

Supplying partitions for electronic components.

120,000 products per year for a Japanese electronics corporation, meeting ESD standards and with traceability.

2022 - US

Danpla boxes for transporting clean agricultural products.

5,000 reusable containers for the fruit export chain to California help customers reduce packaging costs.

2025 - DOMESTIC

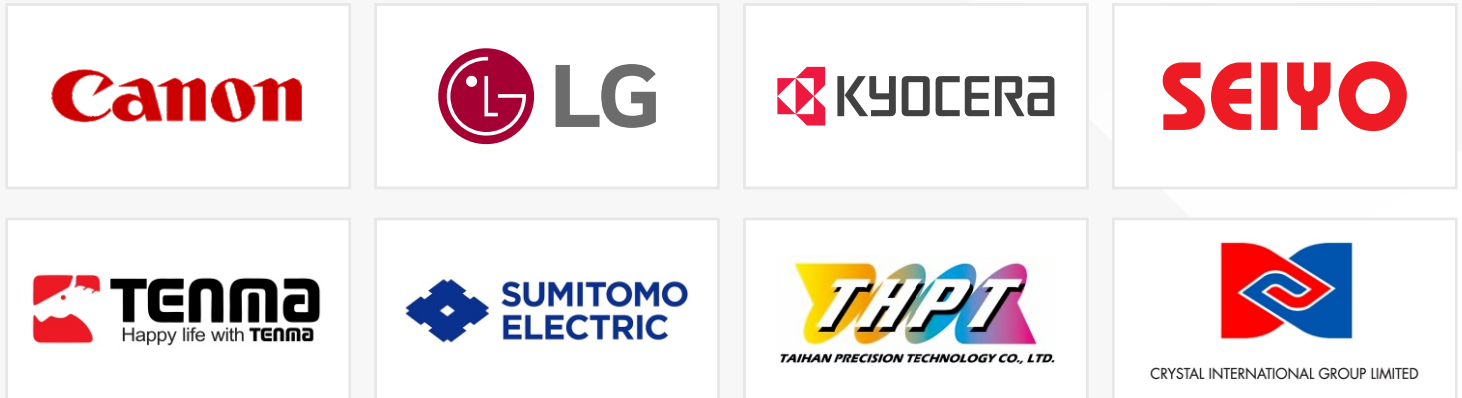

Danpla sheets protect the floor of construction sites.

Approximately 100,000 m² of Danpla sheets were used for a large shopping mall construction project in the northern region.

PARTNERS & CLIENTS

SAM is proud to partner with hundreds of large and small businesses, both domestic and international – from electronics and logistics corporations to agricultural export and retail businesses.

RELIABLE DOMESTIC PARTNER

EXPORT MARKET

“SAM is a supplier of high-quality Danpla sheets, delivering on time and providing dedicated technical support. In our six years of partnership with SAM, we have always trusted and been satisfied with the quality of their products, services, and commitments.”

CEO - TEGRAL (AUSTRALIA)

SAM'S COMMITMENT

01 CONSISTENT QUALITY
ISO 9001:2015 standard - 100% inspection of all shipments before delivery to customers.

02 ON-TIME DELIVERY
Commitment to timing and flexibility in logistics to consistently meet delivery deadlines.

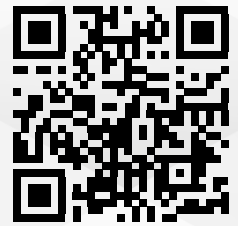

03 TECHNICAL SUPPORT
Our consultants provide in-depth support and design tailored to each client's specific requirements.

04 COMPETITIVE PRICES
Transparent pricing, attractive discounts based on order volume.
